THE PURPOSE OF THE REGIONAL BEHAVIORAL HEALTH ADVISORY BOARD

- Serve in an advisory capacity to the Regional Managers and the Behavioral Health Advisory Board;
- Ensure that all county mental health and substance use programs and services of the Western, Mid-County, and Desert regions are maximally responsive to community needs and interpret to the community the goals and programs of the service;
- Represent and serve as a two-way communication link between the regional service and the general public, key segments of the community, and geographic areas within the county.

THE FUNCTIONS OF THE REGIONAL BEHAVIORAL HEALTH ADVISORY BOARD

- Review and evaluate the region’s mental health and substance use needs, facilities, and special problems;
- Advise the Behavioral Health Commission, the Regional Manager and the Director of Mental Health on any aspect of the local mental health and substance use program;
- Review and approve the procedures used to ensure citizens and professional involvement in all stages of the planning process for the region;
- Submit an annual report to the Behavioral Health Commission;
- Make recommendations to the Department regarding the appointment of a Regional Manager.

All members of any of the three Regional Behavioral Health Advisory Boards are to advocate for the mentally ill in their communities. Advocates at this level help to bring mental health and substance use issues and concerns from their communities to the Regional Behavioral Health Advisory Board to be immediately addressed by the Riverside County Behavioral Health Commission. Members are recruited to represent the interests of consumers who receive mental health and substance use services, their family members, and the general public. Regional Board members are appointed by the Director of Mental Health and serve for a three year term.

TIME INVOLVEMENT

Members are expected to attend monthly Regional Board (RB) meetings unless excused by the Chairperson. RB members may also expect to spend an additional 2-6 hours per month on committee work. It is expected that members will facilitate an interchange with various interest groups in their respective communities, with the Regional Board, with the Regional Manager, and with the Behavioral Health Commission. Members will be expected to familiarize themselves with services by visiting programs and conducting site reports. Members may also attend conventions, conferences, and seminars presented by the department and supporting agencies as they are able. All Regional Board members must attend a mandatory Board Training once per term or every three years.

I understand the responsibilities and time commitment required of members of each Regional Behavioral Health Advisory Board. I am willing to serve and hold no interest that may conflict with the responsibilities assumed by my service.
