

Foundational Skills & Best Practices In Clinical Supervision

Edward Shafranske, PhD

Dr. Edward Shafranske is offering a one-day course designed to build upon existing competencies and to enhance both knowledge and skill in conducting clinical supervision, drawing upon concepts introduced in *Supervision Essentials for the Practice of Competency-based Clinical Supervision* (Falendar & Shafranske, 2017). The course will include an in-depth look at supervisor-supervisee characteristics, the supervisory relationship, best practices, multi-cultural competency, counter transference management, and more!
