safeTALK helps participants recognize a person with thoughts of suicide and connect them with resources who can help them in choosing to live. This workshop helps participants become alert to suicide by noticing “invitations”. People who are “suicide-alert” are better prepared to connect persons with thoughts of suicide with life-affirming help.

Participants do not need any formal preparation to attend the training. Anyone age 15 or older who wants to make a difference can learn the **safeTALK** steps.
